A PLEDGE FROM THE SCHOOL DIRECTOR

As the new academic year commences, the commitment to our educational and ethical values at ACIC becomes paramount. We are driven by a mission to foster excellence and guided by principles that emphasize inclusion and innovation.

Our vision is to cultivate a community where ambitious goals are not only set but consistently achieved. The start of the academic year heralds a productive and prosperous season under the guidance of the School Director and principals. With unwavering commitment to our mission and vision, the academic director promises an enriched curriculum for all involved. By uniting all stakeholders, the school leadership aims to foster a unique school culture and an environment conducive to academic excellence through the implementation of several new innovations that will be unveiled and processed all through the academic year of 2024-2025.

OUR STEAM PROGRAM

EDUCATION

The school year kicks off with fresh innovations under the leadership of the School Governing Body, introducing an enhanced STEAM program, promising to revolutionize the educational experience. This initiative aims to fuse science, technology, engineering, arts, and mathematics, providing students dynamic learning opportunities that transcend traditional classroom boundaries, thereby fostering creative thinking and academic growth while guiding student inquiry, discussion, dialogue, critical thinking, artistic creativity and practical problem-solving skills.

OUR MORNING BROADCASTS

In an effort to enhance students' daily experiences and foster essential skills, school morning broadcasts have been implemented at ACIC. These broadcasts aim to improve students' research skills by encouraging them to explore diverse topics and compile valuable information. Additionally, students are given opportunities to hone their presentation skills, allowing them to communicate confidently and effectively while engaging the entire school community.

OUR COSTUME PARTY EXTRAVAGANZA

In a dazzling display of creativity, the Elementary Costume Party Celebration enchanted attendees with an array of vibrant costumes, with children donning everything from fantastical creatures to historical figures. Adding a mysterious allure, many students wore intricate masks, concealing their delighted faces beneath artfully crafted designs. Colorful paints transformed ordinary outfits into works of art, while an inflated bouncy castle and thrilling slides ensured endless joy and laughter. The event also featured a friendly sports competition, where participants, still in their imaginative attire, competed with great enthusiasm, making this affair an unforgettable fusion of fun, learning, and camaraderie.

OUR DRAMA CLUB OPPORTUNITIES

In an effort to enhance students' daily experiences and foster essential skills, school morning broadcasts have been implemented at ACIC. These broadcasts aim to improve students' research skills by encouraging them to explore diverse topics and compile valuable information. Additionally, students are given opportunities to hone their presentation skills, allowing them to communicate confidently and effectively while engaging the entire school community.

Reader of the Month Competition

In an exciting new development at ACIC Elementary, the annual "Reader of the Month" competition will be taking the school's book-loving students by storm. Designed to boost reading fluency and foster proficiency, the event invites grades 3, 4, and 5 to exhibit their analytic skills. Next month's standout winners will be honored with special awards, celebrating their exceptional achievements in advancing their literary prowess. Such competitions continue to inspire a passion for reading, building an educationally rich community. Please contact your English teacher for registration and details

NEW LIBRARY BOOKS AND OUTDOOR SUN ROOF

We have lately been working on an exciting project to enrich our elementary school library by purchasing a plethora of new books in different genres that will embrace all the students' interests. The new books are at various Lexile levels that cater to all readers from beginners to highly advanced. Sunroof reading time will definitely be enjoyable on warm winter days in the precinct of our library. This project encourages students to spend more time reading and using their imagination while enjoying books from our new selections. Students have also started writing comprehensive book reports on an assigned format. Let's continue to spread the love for reading through this project.
